AN ECONOMIC ENGINE FOR MAINE

The state of Maine recently released the Maine State Aviation System Plan which completed an economic impact analysis of the Portland International Jetport. Highlights include:

- Annual Economic Impact to the State: \$1,175,466,500
- Employment Impact: 10,007 jobs
- Estimated Local and State Taxes: \$84,521,600

In addition to an overall economic impact to Maine of \$1.2 Billion, the Portland International Jetport also contributes to the quality of life in Southern Maine with a growing number of nonstop destinations and airlines. Plus, more flights bring family, friends, business associates and tourism visitors to our state.
