	Early South	0	3	0	12	13	20	30	39					117
	Early South Other	5	27	29	58	40	101	140	79					479

NOISE SENSITIVE HOURS COMPLIANCE

Date Range 1/1/26 to 8/31/26

Monthly Review of Noise Mitigation Measures

Preferred Runway 10pm-7am -- NCP Compliance

ARRIVALS

DEPARTURES

WATER APPROACH COMPLIANCE

Date Range 1/1/26 to 8/31/26

Monthly Review of Noise Mitigation Measures

Analysis of flight path and weather conditions for Arrivals on RWY 29

R29 Approaches **Successfully** Over Water

R29 Approaches Over Land in **Noncompliance** with water approach (excludes Peaks)

R29 Approaches Over Peaks that may be eligible for future RNP

R29 Approaches Over Land that may be eligible for future RNP

R29 Approaches Over Land that were not eligible for HVA or future RNP

RUNWAY 29 ARRIVALS - TRENDING

Date Range 1/1/26 to 8/31/26

Trending of Runway 29 Arrivals OVER WATER from Previous Year to Current Year

A column's vertical border color indicates the actual location of approaches to R29 and flight count over that location:

WATER (blue vertical borders), **PEAKS** (red vertical borders) or **LAND** (green vertical borders).

Colored area within vertical borders indicates the expected location due to weather and available flight procedure:
WATER - HVA Eligible (medium blue), **WATER - Future RNP Eligible** (light blue) or **LAND - Land Procedure** (medium green).

Over time, light blue and medium blue sections should decrease for LAND and PEAKS and increase for WATER.

COMMUNITIES SUMMARY

Date Range 1/1/26 to 8/31/26

**Number of Flights Over Selected Communities
When Outside of Flight Tolerance Corridor**

Peaks Island

AH PRIMARY RUNWAY SETTING

Date Range 1/1/26 to 8/31/26

Impact of After Hour Primary Runway Setting on Noise Mitigation Procedures

The **After Hours Primary Runway** is designated each evening based on **weather conditions at 11:51** and remains until the control tower reopens at 6 am. The **Expected Runway** is based on the weather conditions at the flight time and if weather conditions change after midnight, the Expected Runway may be different from the AH Primary Runway. **For all flights included below, METAR weather conditions at time of the flight were within the parameters for using the Noise Sensitive Runway.**
